

VEENA INFOTECH

Transforming Thoughts to Technology

Date : 28th Aug, 2025

To,
Mr. Neav Panjwani

Subject: Appreciation for UI Design & Development Contributions

Dear Neav Panjwani,

We are pleased to extend our sincere appreciation for your valuable contributions as part of your **two-month paid internship and On-the-Job Training (OJT) program** at **Veena Infotech**, a **venture of The Veena Group**.

During your internship, you worked extensively on **UI Design and Development**, where your creativity, dedication, and technical skills added immense value to both client projects and internal initiatives. Some of your key contributions include:

- **Society Websites** – Successfully designed and managed the UI for several live client projects, including **Rajul Apartments, Landbreeze CHS, Alok CHS, and Ramesh Darshan CHS**, all of which are now active and being used by societies.
- **VGMS (Veena Group Management System)** – Actively participated in the **UI design and development** of this critical internal project. While the system remains an in-house initiative not yet completed, your efforts and input were instrumental in shaping its foundation and visual structure.

Your ability to balance creativity with functionality, along with your commitment to timely delivery, has been greatly appreciated. These projects reflect your capability to contribute meaningfully to both client-facing and organizational systems.

This letter is a token of recognition for your excellent work in **UI design and development**, and we thank you for your dedication and efforts during your internship.

With best wishes,
The Management
Veena Infotech
